

Annual Report

2018-2019

building strong futures

Jessalyn and her mother, Iris, a Habitat Homeowner

“Habitat for Humanity of the Lehigh Valley truly saved my family and I. If it wasn’t for the homeownership program, I wouldn’t be the leader that I am today. This program has not only blessed my family and I with an extremely beautiful house where I can lay my head at night, study, and complete my school work, but also a safe place that I call home.

I stood by my mother’s side through the whole process. My sister and I would help her during late nights while she would put letters into envelopes, or we would go with her to do volunteer work. That whole experience has impacted me to want to give back and also volunteer. Just a couple of months ago, I told my mom that I’d like to work for a nonprofit organization after college, and she was surprised when I told her. I said I would like to give back to those who helped me get where I am today, and Habitat for Humanity of the Lehigh Valley sure did help! They didn’t give us a house - they gave us a home - and I will always be thankful for the organization and those who assisted in making a home for my family and I.”

- Jessalyn Cruz, age 17

Jessalyn will be graduating from Lehigh Carbon Community College in May 2020, and is also graduating from Lincoln Leadership Academy in June 2020.

She’s been accepted to Temple University Fox School of Business, Arcadia University, Indiana University of Pennsylvania, Pace University, University of Tampa, Penn State University, and Cedar Crest College.
